4 HOURS NIGHT TRIP*

Dusk... The sunset offers the most breathtaking color combinations on the sky, creating a space for contemplation and meditation to help you leave your stress behind.

Starry nights... Glass of wine in hand, you'll get a good look at all the constellations, clearly visible from the sailboat.

Full moon... The moon reflected on the ocean is a sight no photography can do justice to, and that thousands of words couldn't describe: it must be experienced!

6 HOURS ISLA MUJERES BAY TRIP**

550 USD

8 HOURS ISLA MUJERES TRIP**

650 USD

Dawn... a unique experience lit by the sunrise, as you hold on to your fishing rod to go trolling, starting a day full of energy!

Snorkeling... There are several reefs we may visit, where depending on the weather and the currents, you will enjoy swimming along the colorful fish, coral reefs and many other marine species.

Swimming... You'll look forward to diving while we sail across the turquoise of the ocean right in the middle of the bay, or at an Isla Mujeres beach where you'll be able to feel the soft white sand under your feet.

Eat... The freshest ceviche, a flame-broiled tikinxic fish or a seafood-stuffed filet will all be an incomparable pleasure, since Isla Mujeres is traditionally a fisherman's village, where seafood goes from the ocean to your table.
